Call for Papers

MCDM2022 Special Invitation

The purpose of this call for paper is to collect a high-quality selection of papers based on MCDM2022 presentations at the University of Portsmouth, U.K. The International Journal of the Analytic Hierarchy Process (IJAHF) is the official AHP/ANP scholarly, SCOPUS-indexed journal, that publishes papers about research and applications of the Analytic Hierarchy Process (AHP) and Analytic Network Process (ANP). Our intention is to publish these papers as early as possible although still going through a review process. When submitting your article, indicated (in the comments to the editor section) that this paper is based on your MCDM2022 presentation (give specific title).
